II. Reading Comprehension (12 Marks)

12

Read the following passage, then answer the questions below:

Horses are beautiful animals that can assist people. Horses have different names. They have long legs and they also have bigger eyes than any other animal that lives on land. They are on the side of their head. Horses can live up to 25 years. They need about three hours to sleep each day. Horses eat grass, apples and carrots. They have 16 muscles in each ear. Some animals have more than one stomach, but a horse has only one stomach. It is really small. Horses can run very quickly, and they need to do a lot of exercises to stay healthy and run in races. They can't talk, but they have their own body language to show you how they feel.
